

Huge different sizes & colors selection of plastic spool, made of PP material and durable. In fact, this spool is not only suitable for ribbon, but also can use for cable, wire, hose, tubing, chain, rope, and fabrics.

Our unique ribbon splitters are designed for separate ribbon into small pieces, what's more, we have a new design splitter with whole plastic that without blade, which is more safety for consumers.

All ribbon accessories have mould for mass injection molding production in house. OEM & ODM are welcome!

d for distance, Unit:mm, # for number of slot. Φ for diameter of interior hole
